## CEAL is Working for East Asian Librarians

CEAL is a professional organization that is completely dedicated to Chinese, Japanese and Korean Studies librarianship. Its members include every major East Asian library in North America, and many smaller institutions with East Asian research interests.

## Opportunities for Library School Students

CEAL provides a great opportunity for MLS students who want a first-hand look at East Asian (Chinese, Japanese, and Korean) Studies Librarianship. In CEAL, there are plenty of opportunities to meet and network with leading East Asian Studies librarians in the field.

## Mentoring

CEAL provides a mentoring program which includes a roundtable discussion session held during the annual conference, and a one-year one-on-one mentor/mentee program.

## JEAL *The Journal of East Asian Libraries*

CEAL membership includes a subscription to JEAL, a journal devoted to East Asian Studies Librarianship.

For more on JEAL, see the Ceal Website.

## The Eastlib Listserv

CEAL also provides the only email discussion list dedicated to East Asian Studies Librarians in North America, Eastlib. Eastlib is used on a daily basis as the main forum for East Asian Studies

Librarians both here and internationally.

For more on Eastlib, see the CEAL Website.

## Student Memberships

CEAL offers a special student membership at a reduced rate, with the same great benefits as regular membership, including a JEAL subscription, workshops, admission to the annual conference, the mentoring program, and much more.
